Aqua Vital Water Filter is a registered trade mark of The Coca-Cola Company used under authorisation by Neverfail. *CUNO* is a registered trade mark of the 3M Company.

AQUA VITAL[®]
WATER FILTERS

Your Filtered Water Service

Perfect solution for your business or home

Aqua Vital water filters offer you safe, clean, great-tasting drinking water from your mains water supply, free of chlorine taste and odours. Never run out of great tasting drinking water again.

Did you know?
On average it is recommended that adults (>19 yrs) consume between 8-10 cups (around 2 litres) of fluid per day to avoid the effects of dehydration.¹

Our compact under sink filter

- ✓ Modern, stainless steel faucet to suit your kitchen decor.
- ✓ Utilises a single cartridge filter with built in shut off valve and bayonet fitting for quick and easy cartridge changes.
- ✓ Has a capacity of 4,000 litres of filtered water per cartridge.

Our filter cartridge features

- ✓ Reduces sediment, chlorine taste and odour.
- ✓ Reduces 99.95% of Protozoan Cysts - Giardia and Cryptosporidium.
- ✓ Reduces lead and other heavy metals.
- ✓ Aqua Vital uses Cuno filters which are manufactured under Quality System ISO9001 and tested in accordance with NSF/ANSI Standard 42 for Particulate Reduction and/or Standard 53 for Cyst, Benzene, Dichlorobenzene, Toxaphene, and Turbidity Reduction.
- ✓ With our filter cartridges, the media is enclosed within the plastic body so there is no handling of the media on installation or change.

The choice is yours

Choose from our free standing water coolers that filters and chills your drinking water or an under sink filter for ambient temperature water.

Save money

Our free standing water coolers offers you a reliable, affordable solution to meet your hydration needs.

Lifetime Guarantee

Renting our quality free standing water coolers ensures that you always have access to a fully functional filtration system.

Peace of mind

Our filtration systems are installed quickly and easily by licensed plumbers and include two filter cartridges each year at no charge.

Trusted brand

Aqua Vital water filters are brought to you by Neverfail Springwater, a trusted company with over 20 years experience providing quality drinking water.

Our customers

Aqua Vital recognises that each workplace is different. We work with our customers to provide the most appropriate hydration solution for their work place, which can be a combination of water filters and bottled Springwater.

Staying well hydrated means you'll feel more alert and energetic, your body will be able to regulate it's internal temperature more easily, and you'll be able to maintain concentration levels for longer during a busy working day².
